

A milestone year for the #ChampionWoman

Champion a woman. She will build a nation.

The holistic ChampionWoman Curriculum spells #SHEGLOWS

It helps every woman bloom wherever she is planted.

The #ChampionWoman movement continues to stride ahead, interacting with 1,15,000 women in the past three years, for the better so far, from schools, colleges and leading corporates. They participated enthusiastically in our workshops. Happy, confident and successful women and girls, who commit to #goalsetting and #balanceforbetter so as to help India reach the goal of a five trillion economy. Champion a Woman. She will build a Nation!
